The Scientist

Coldplay

Come up to meet you, tell you I'm sad
You don't know how amazing you are
I had to find you, tell you I see you

Tell you I set you apart
Tell me your secrets and ask me your
questions
Oh, let's go back to the end

Running in squares, coming up tails
Heads on a science apart
Nobody said it was hard

It's such a shame for us to part
Nobody said it was easy
No one ever said it would be this hard

Oh, take me back to the start
We was just guessing at charts and figures
Pulling the puzzles apart
Questions of science, science and regress

Do not speak as loud as my brain
